

ESCAPE OF ALLEGED GERMAN OFFICER ON MEXICAN BORDER

(By Associated Press.)

NOGALES, ARIZ., Mar. 3.—A department of justice agent seized a trunk belonging to W. H. Schweibs, who claimed to be a former German army officer and who escaped last July from federal officers several days after he had been arrested in connection with an alleged plot to smuggle aeroplanes into Mexico.

Recent letters received by the agent here of the express company from Schweibs, it was learned today, bore the following inscription in Spanish under Schweibs' name: "Major instructor of staff of the"

Mexican secretary of war at Mexico City."

Schweibs escaped from a deputy United States marshal as he was being taken to a train for removal to Tucson, Arizona. He ran across the international boundary line into Mexico and American officers were prevented from pursuing him.

At the time of his arrest he was reported to have said: "If I can cause trouble between Mexico and the United States and prevent the United States from sending supplies to the enemy of my country, I would do so and thereby serve my country well."

SALE OF SHAWMUT TO THE BELMONT

A memorandum of an agreement whereby the great Eagle-Shawmut mines are to become the property of the Tonopah Belmont Developing company was filed in the office of the county recorder last Monday.

The new holding company is organized under the laws of the state of New Jersey, having been organized in 1902, and has huge interests in Nevada and other places.

The document is dated January 23, 1917, and states that the first payment on the purchase has been made, and the purchasers have now entered into possession of the property.

Included in the sale are the Eagle and Shawmut mines and mill site, with the immense plant, and the Bella Union, Raymond, Rosenthal, Co., Hector and Blue Gulch, all quartz properties, and the Tuttle, Shawmut, Placer, Woods Creeks, Hector, Bird, Blue Gulch and Eagle placer claims, with much other real and personal property.

The price in this great sale is not made known, but it is probably the largest mining deal ever pulled off in the county. The mines have been in operation for many years, under the Rosenfeld management.

Since the death of Louis Rosenfeld, who devoted the greater part of his time to the mine, talk of a sale has been persistent. It is said that had he lived the mines would not have been sold. The other brothers, having many interests to occupy their time, therefore decided to retire from the mining game and the big sale is the result of their negotiations to that end—Mother Lode Magnet.

Officially of the line said it had not been stated how the ships would be armed or if their gun pointers would be navy marksmen or others employed by the company.

Still in session

The members of the new board of county commissioners are certainly earning their salaries. They are still in special session, preparing the budget for the ensuing year. The work is being done in most thorough fashion.

ONE MAN'S DEATH IMPERILS CONTROL

DEMISE OF NEW YORK DEMOCRAT MAY GIVE REPUBLICANS CONTROL

(By Associated Press.) WASHINGTON, D. C., Mar. 2.—Representative Michael F. Conry, of New York City, Democratic member of Congress for four terms and

re-elected for a fifth, died here after a long illness. He was 47 years old.

The death of one of the Democratic members elect may have an important effect on the political complexion of the house in the 65th Congress. The Democrats and Republicans elected 215 members each and there are five independents upon which depends which party shall organize the next house.

If an extra session were called the Democrats probably would go into the organization fight only 214 strong. Members of the New York delegation are confident that a successor to Representative Conry will not be elected until November and even though a special election were called and it could not be held for 30 days. An election in November would restore the even balance before the regular session, because Representative Conry, active in Tammany councils, was elected from a safely Democratic district, the fifteenth.

RAILROADS CLEARING UP THE CONGESTION

(By Associated Press.) WASHINGTON, D. C., Mar. 3.—Reports from Cleveland, Detroit and Pittsburgh indicate that conditions in the congested railroad yards are rapidly approaching normal. Warm weather has enabled the roads to clear away the accumulation of cars.
